Consumer Financial Protection Guidelines

Section 1: Your Rights as a Borrower

All borrowers have the right to:

1. Receive clear information about loan terms and conditions
2. Understand the total cost of credit including all fees
3. Receive a Key Fact Statement before signing any loan agreement
4. Fair treatment without discrimination
5. Privacy and protection of personal information

Lenders must provide transparent information and cannot hide fees or charges.
All terms must be explained in simple, understandable language.

Section 2: Key Fact Statement (KFS)

A Key Fact Statement is a standardized summary of the key terms of a loan.
It includes:

- Annual Percentage Rate (APR)
- Total fees and charges
- Loan tenure and repayment schedule
- Prepayment terms and penalties
- Default consequences

The KFS must be given to the borrower before the loan is finalized.
Borrowers should carefully review the KFS and ask questions about unclear terms.

Section 3: Complaint Resolution

If you have a complaint about a financial product or service:

1. Contact the lender's customer service department first
2. If unresolved, escalate to the internal grievance officer
3. File a complaint with the financial ombudsman if still unresolved

Keep records of all communications and documents related to your complaint.
Lenders are required to acknowledge complaints within 7 days and resolve within 30 days.
